Introduction

The Florida Department of Transportation (FDOT) provides the Martin Metropolitan Planning Organization (MPO) with an annual database in April for the purposes of developing the MPO's Transportation Improvement Program (TIP). The database is compiled from the FDOT Tentative Work Program that is adopted on July 1. The Martin MPO TIP is usually adopted at the June Policy Board meeting. The first year of both the TIP and the FDOT Work Program should mirror each other. However, when the new TIP and Work Program are adopted, there are sometimes projects that were supposed to get authorized and encumbered prior to June 30, for many reasons, but did not. These projects will automatically roll forward in the Work Program but will not automatically roll forward in the TIP. Therefore, the TIP must be amended to include these projects and match the Work Program. This is completed by what is known as the Roll Forward TIP Amendment. This amendment is the first amendment to the TIP and occurs annually. The Roll Forward TIP Amendments are usually approved at the September MPO Policy Board Meeting.

Martin MPO staff received the proposed Roll Forward TIP Amendment request from FDOT on July 2, 2021. The Martin MPO Policy Board is required to make a decision on its approval.

Roll Forward TIP Amendment Overview

The Roll Forward TIP Amendment includes 23 projects worth \$7,894,851 rolling forward into the FY22-FY26 TIP. The amendment is rolling forward \$6,916,828 in transit funds, which is approximately 87% of total roll forward funding, \$264,775 of highway funds, representing about 3% of total roll forward funding, and \$713,248 of Turnpike funding, accounting for approximately 10% of total roll forward funding.

The following page is a summary sheet regarding the projects and funding that are being rolled over into the FY22-FY26 Martin MPO TIP.
