MINUTES

1. CALL TO ORDER

The meeting was called to order at 1:06 PM by Joan Goodrich, FTAC Chair.

2. ROLL CALL

FTAC Members in Attendance:

Joan Goodrich, Chair
Samantha Lovelady
Peter Kunen
Thomas Lanahan
Janet Zimmerman for Mark Crosley
Rob Palmer for Robert Ledoux
Ryan Walpole
Brita Nowak

Members Excused:

Jim Gorton
Donna Carman
Officer Dickson
Yvette Ager Goodiel
Desiree Wood

Members Absent:

Andrew McBean
Jeff Sabin, Vice Chair
Michele Miller
Butch Olsen
Jared Dusharm
Aubrey Brown

Staff in Attendance:

Beth Beltran, MPO Administrator
Ricardo Vazquez, Senior Planner

Joy Puerta, Planner
Lucine Martens, Planner
Alor Cadorna, Administrative Assistant

Others in Attendance:

Edward Ng, Corradino Group
James Brown, FDOT-Florida's Turnpike Enterprise (FTE)
Ronald Kareiva, FDOT

3. APPROVE AGENDA

A motion to approve the agenda was made by Thomas Lanahan and seconded by Samantha Lovelady. The motion passed unanimously.

4. APPROVE THE MINUTES

- December 2, 2022

A motion to approve the Minutes of December 2, 2022, was made by Samantha Lovelady and seconded by Thomas Lanahan, the motion passed unanimously.

5. COMMENTS FROM THE PUBLIC- NONE

6. AGENDA ITEMS

A. ELECTION OF OFFICERS

A motion to nominate Joan Goodrich as Chair was made by Thomas Lanahan and seconded by Samantha Lovelady, motion passed unanimously.

A motion to nominate Ryan Walpole as Vice Chair was made by Samantha Lovelady and seconded by Thomas Lanahan, motion passed unanimously.

B. FINAL DRAFT FY24 – FY28 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

Beth Beltran introduced Ricardo Vazquez, Senior Planner, who gave a brief presentation on the Final Draft FY24-FY28 Transportation Improvement Program (TIP). He mentioned the TIP is the document that contains all Federal, State, locally funded, and regionally significant transportation projects to be funded in Martin County during the next five fiscal years. This document is updated annually and is based on the Florida Department of Transportation (FDOT) District Four (D4) Tentative Work Program that was approved by the MPO Board on December 12, 2022. The Final Draft FY24 – FY28 TIP is scheduled to be adopted by the MPO Board at the June 19, 2023 meeting. He requested approval and was available to answer questions.

A motion to approve the Final Draft FY24-FY28 Transportation Improvement Program (TIP) was made by Samantha Lovelady and seconded by Peter Kunen, the motion passed unanimously.

C. STATE ROAD (SR) 710 FEASIBILITY STUDY

Beth Beltran introduced Ron Kareiva, of FDOT-District Four who gave a presentation on the State Road (SR) 710 Feasibility Study. A study to investigate roadway safety improvements on SR-710 from the Martin/Okeechobee Countyline to FPL Power Plant Access Road is underway (FM# 419252-3). Additionally, a left turn lane on westbound SR-710 at SW Tommy Clements Street will be starting construction in the Summer of 2023. The widening of SR-710 is the Martin MPO's #1 Priority. On March 2, 2023, the MPO Board sent a letter to FDOT Secretary Perdue requesting the widening of SR-710 from two lanes to four lanes from the Martin/Okeechobee Countyline to CR-609/SW Allapattah Road.

Ryan Walpole recommended to keep pushing this project as hard as you can. He has seen some scary things happen and every single week FDOT is out there rebuilding the guardrail from someone hitting it from making the right-hand turn. It is difficult for the trucks because they do not have the width to make that right-hand turn onto CR-714 and then when they are making that right-hand turn to SR-710, if there is a car coming into the turn lane, they are jumping back out into the through lane and causing incidents.

D. DEVELOPMENT REVIEW INTERACTIVE MAP UPDATE

Beth Beltran introduced Ricardo Vazquez, Senior Planner, who gave a brief overview of the Development Review Interactive Map Update. The Martin MPO Policy Board requested that MPO staff work with local government staff and review approved and proposed land developments. A map was developed showing County and municipal land developments. This information will assist the MPO Board in making decisions related to transportation project priorities. He was available to answer questions.

Thomas Lanahan inquired who keeps the map up to date and who puts the projects on the map. Ricardo Vazquez stated that the MPO staff reach out to each municipality and the county to get their development files and we have the consultant update the map twice a year.

E. FINAL FY25-FY29 LIST OF PROJECT PRIORITIES (LOPP)

Beth Beltran gave a brief overview of the Final Draft FY25-FY29 List of Project Priorities (LOPP). At the MPO Policy Board on February 27, 2023, the Board approved the Draft FY25 – FY29 LOPP. Scoping Forms for the newly added CR-609/Allapattah Road (Priority #14) and SW Citrus Boulevard (Priority #15) projects were submitted to FDOT.

Priority #9 (NW Alice Street) was edited to include the realignment of Alice Street with Wright Boulevard. The Board also made the widening of SR-710 its #1 Priority. The final LOPP will be presented at the MPO Board meeting on June 19, 2023, before adoption. She requested approval and was available to answer questions.

Rob Palmer inquired how the project ranking is structured. Beth Beltran stated that when a project is funded for construction it comes off the list.

A motion to approve the Final Draft FY25-FY29 List of Project Priorities (LOPP) was made by Samantha Lovelady and seconded by Peter Kunen, the motion passed unanimously.

F. NEW MPO WEBSITE

Beth Beltran introduced Edward Ng, from The Corradino Group, who gave a presentation on the new MPO website. The new Martin MPO website includes improved features such as a meeting calendar, document/minutes/agenda archive, emphasis areas, announcements, comment intake, and improved search functions. Also, the MPO is celebrating its 30th year and the website will be live at the end of June.

7. COMMENTS FROM COMMITTEE MEMBERS

James Brown from FDOT-FTE wants to make the committee members aware of the kicked-off PD&E study for an interchange between the Turnpike and I-95 near the SE Bridge Road area. They are getting ready to have the first newsletter published at the end of this month.

Brita Nowak shared her observation on the roundabouts and how the roadway is too narrow for the trucks. Also, the big warehouses are everywhere now and the roads towards the warehouses are not designed for trucks.

**FREIGHT TRANSPORTATION ADVISORY COMMITTEE (FTAC) MEETING
AGENDA ITEM SUMMARY**

MEETING DATE: December 1, 2023	DUE DATE: November 24, 2023	UPWP#: 5
WORDING: FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) FY25-FY29 DRAFT TENTATIVE WORK PROGRAM		
REQUESTED BY: MPO	PREPARED BY: Ricardo Vazquez / Beth Beltran	DOCUMENT(S) REQUIRING ACTION: FY25-FY29– Draft Tentative Work Program

BACKGROUND

On June 19, 2023, the Martin Metropolitan Planning Organization (MPO) Policy Board approved a List of Project Priorities (LOPPs) for FY25-FY29. These priorities were transmitted to FDOT’s District Four Office in Fort Lauderdale. FDOT develops its Draft Tentative Work Program after considering the LOPPs submitted. At the October 2023 MPO Policy Board Meeting, the Board approved the FY25 – FY29 Draft Tentative Work Program.

ISSUES

At the December 1, 2023, FTAC meeting, MPO staff will review the freight related projects in the FY25 – FY29 Draft Tentative Work Program for Martin County. The Work Program returns to the MPO in the spring as the basis for the coming year’s Transportation Improvement Program (TIP).

Cove Road Widening

- #2 ranked project on the FY25 List of Project Priorities (LOPP)
- PD&E Study is currently underway
- Funding for Design in FY25-FY26

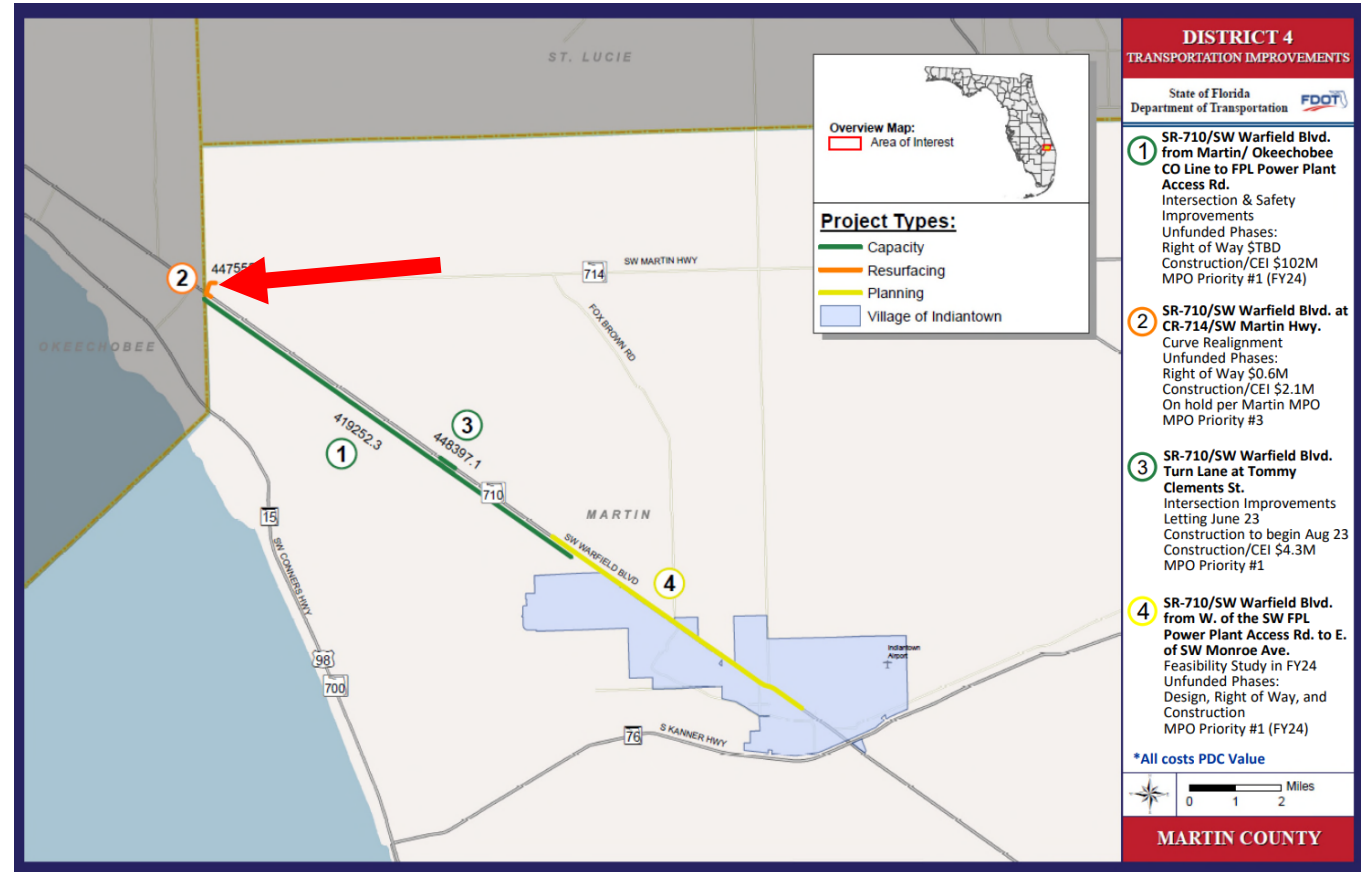

441700-1 - COVE ROAD FROM SR-76/KANNER HIGHWAY TO SR-5/US-1

Type of Work: PD&E/EMO STUDY

Phase	Fund Code	2025	2026	2027	2028	2029
Preliminary Engineering	ACCM	\$1,035,129				
	ACPR		\$125,760			
	SU	\$498,193	\$1,465,991			
	TRIP	\$1,811,977				
Total for Project 441700-1		\$3,345,299	\$1,591,751			

CR-714/SW Martin Hwy. Realignment

- MPO FY25 Project Priority #3
- Coordination is currently ongoing b/w FDOT District Four and One, Okeechobee County, Martin County, Heartland Regional TPO, and Martin MPO

447555-1 - SR-710/SW WARFIELD BOULEVARD AT CR-714/SW MARTIN HIGHWAY

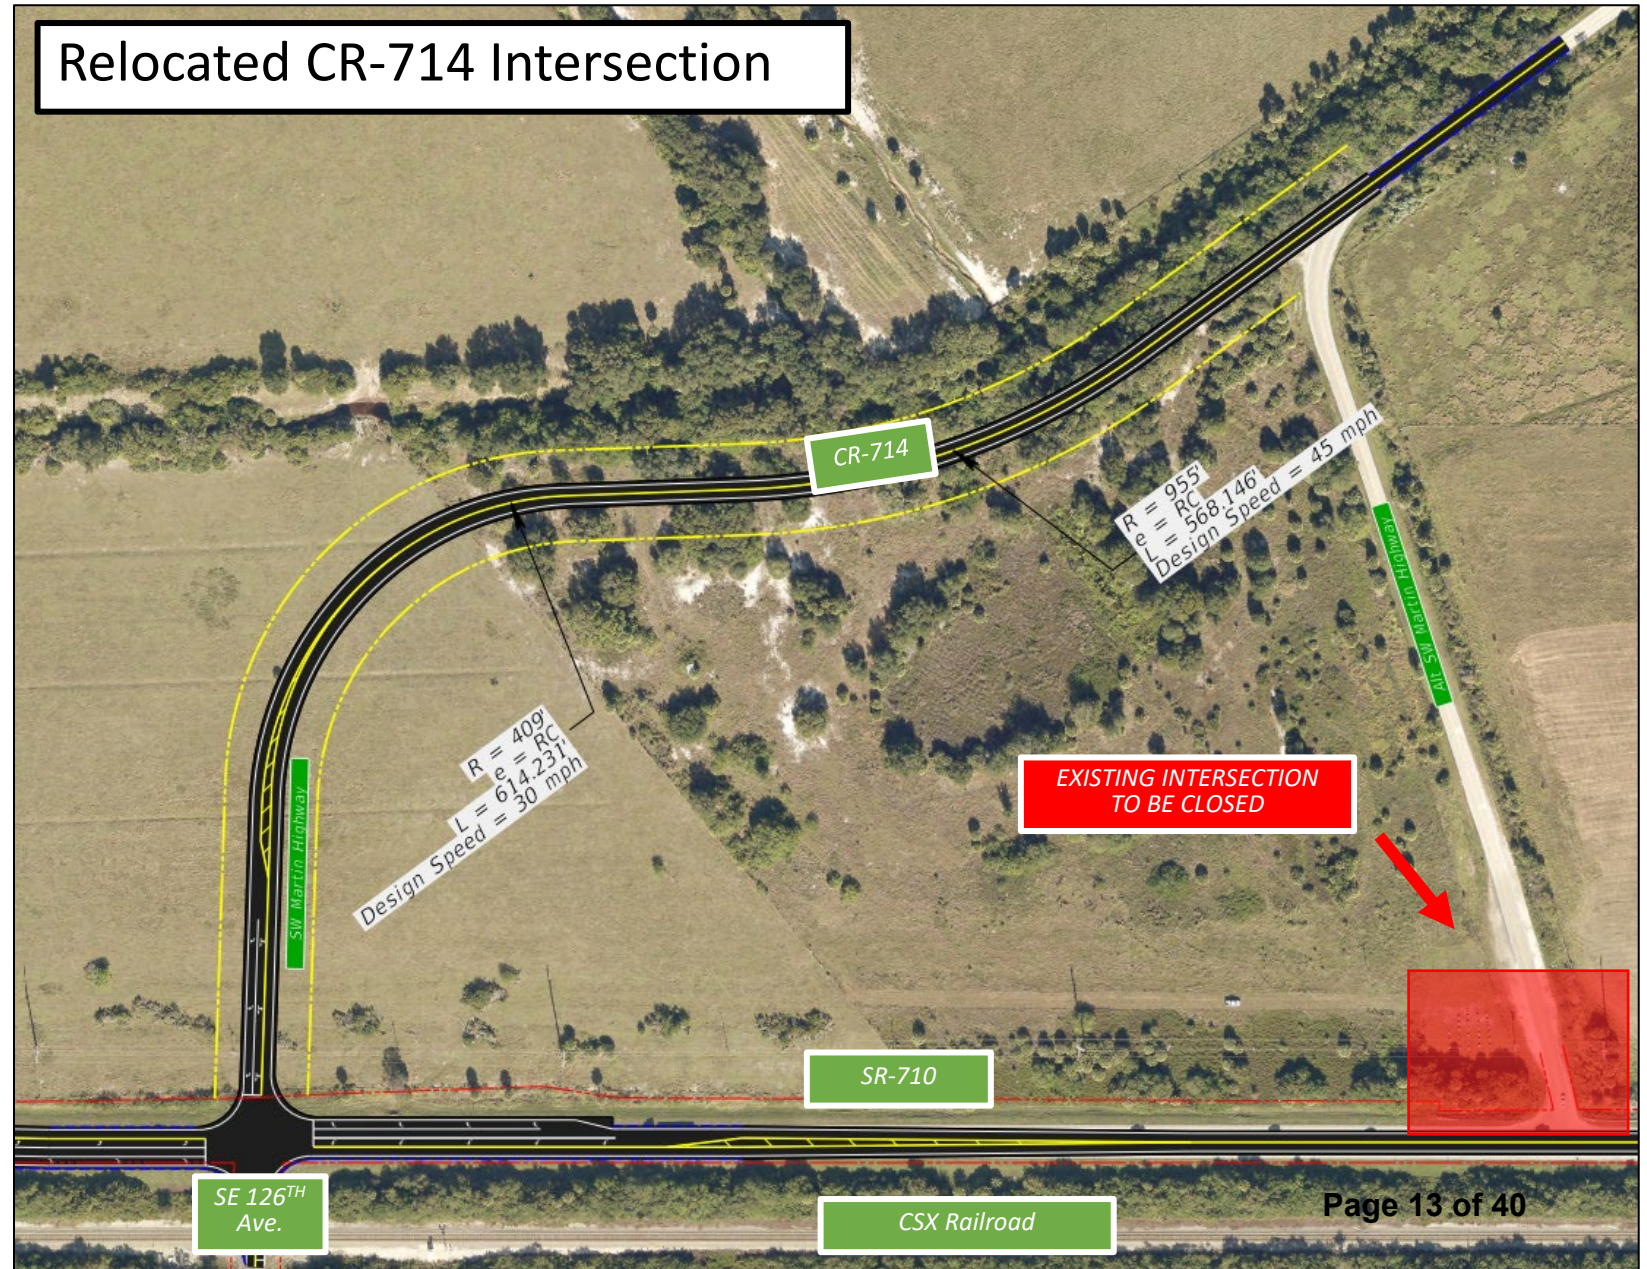

Type of Work: ROAD RECONSTRUCTION - 2 LANE

Phase	Fund Code	2025	2026	2027	2028	2029
Right of Way	ACSS	\$113,859	\$176,187	\$150,330		
Total for Project 447555-1		\$113,859	\$176,187	\$150,330		

Interim Improvement Alternative

- Improves safety by eliminating an intersection
- Relocated intersection meets traffic signal warrants and will be signalized
- Preferred and prioritized by Martin County MPO at June 2023 Board Meeting
- Requires maintenance agreements between Martin and Okeechobee County
- Resolutions needed from stakeholders for the Department to move forward
- Existing Environmental Documentation must be Re-Evaluated (July 2011 PD&E Study)

FTAC Meeting 12/1/23

Monterey Road Grade Separation

- #4 ranked project on the FY25 List of Project Priorities (LOPP)
- PD&E Study is scheduled for FY24

4416362		SR-714/MONTEREY ROAD @ FEC RAILROAD CROSSING					Non-SIS		
		Project Description: 2022 MPO PRIORITY# 4 IS R/W NEEDED; RAILROAD/ROADWAY GRADE SEPARATION.

**FREIGHT TRANSPORTATION ADVISORY COMMITTEE (FTAC) MEETING
AGENDA ITEM SUMMARY**

MEETING DATE: December 1, 2023	DUE DATE: November 24, 2023	UPWP#: 5
WORDING: SW MONTEREY ROAD AT FEC RAILROAD GRADE SEPARATION PROJECT DEVELOPMENT AND ENVIRONMENT (PD&E) STUDY PRESENTATION		
REQUESTED BY: MPO	PREPARED BY: Ricardo Vazquez / Beth Beltran	DOCUMENT(S) REQUIRING ACTION: N/A

BACKGROUND

At its October 19, 2023, meeting, the MPO Board approved the Florida Department of Transportation (FDOT) FY25 – FY29 Draft Tentative Work Program. One of the projects included in the Work Program is the SW Monterey Road/FEC Railroad Grade Separation PD&E Study which is scheduled to begin in the current FY24 (FM# 441636-2).

This project has been discussed in the past, with the MPO adopting the FEC Railroad Grade Separation Feasibility Study on April 17, 2017, which included the recommendation of a grade separation of SW Monterey Road at the FEC Railroad Corridor. Subsequently, this project was added to the MPO’s List of Project Priorities (LOPP).

ISSUES

At the December 1, 2023, FTAC meeting, FDOT will provide an update on the SW Monterey Road/FEC Railroad Grade Separation PD&E Study. The PowerPoint presentation will be distributed at a later date.

**FREIGHT TRANSPORTATION ADVISORY COMMITTEE (FTAC) MEETING
AGENDA ITEM SUMMARY**

MEETING DATE: December 1, 2023	DUE DATE: November 24, 2023	UPWP#: 5
WORDING: FLORIDA'S TURNPIKE AND I-95 DIRECT CONNECT INTERCHANGE PD&E STUDY PRESENTATION		
REQUESTED BY: MPO	PREPARED BY: Ricardo Vazquez / Beth Beltran	DOCUMENT(S) REQUIRING ACTION: N/A

BACKGROUND

The Florida Department of Transportation (FDOT) - Florida's Turnpike Enterprise (FTE) is conducting a Project Development and Environment (PD&E) Study to evaluate alternative designs for a new direct connection interchange between Florida's Turnpike and I-95 near the existing I-95 / SE Bridge Road interchange in Martin County.

Currently, motorists and emergency responders are required to utilize local roadways when traveling between Florida's Turnpike and I-95. At the interchange of Florida's Turnpike and West Indiantown Road, motorists must exit Florida's Turnpike and travel 0.6 miles along West Indiantown Road to reach I-95. At the interchange of Florida's Turnpike and SW Martin Highway, motorists must exit Florida's Turnpike and either travel approximately five miles on SW Martin Highway or approximately three miles on SW High Meadow Avenue, both local roadways to reach I-95. By the project's design year 2050, these traffic movements are anticipated to add a substantial number of trips on the local roadways if no improvements are made.

ISSUES

At the December 1, 2023, FTAC meeting, FDOT will update committee members on the Turnpike and I-95 Direct Connect Interchange PD&E Study.

New Direct Connection Interchange between Florida's Turnpike and I-95 near Milepost 125 Martin County, Florida

Project Development & Environment (PD&E) Study
FPID Number: 446975-1-22-01 ETDM Number: 14444

Newsletter 1 – August 2023

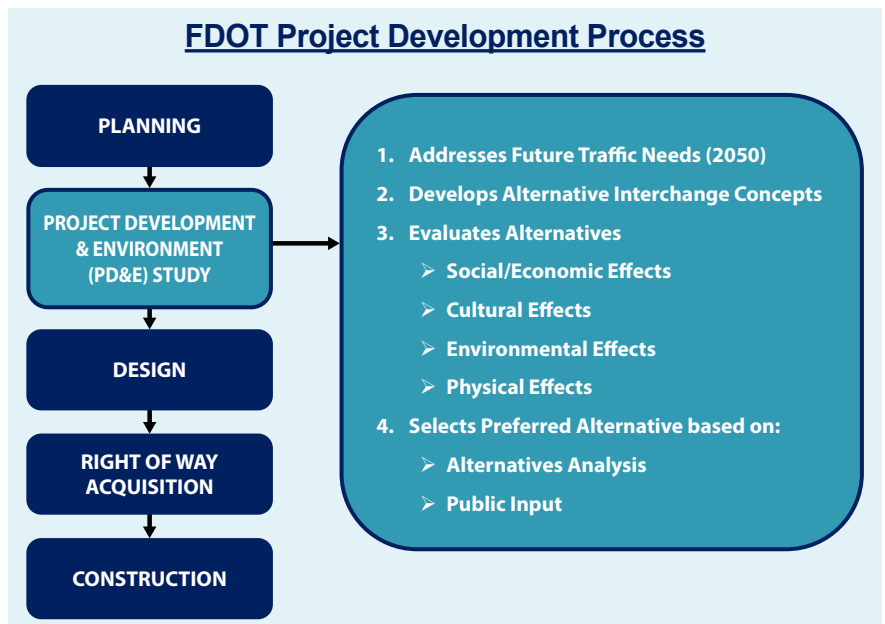

About this Study

The Florida Department of Transportation (FDOT), Florida's Turnpike Enterprise (Enterprise) is conducting a Project Development and Environment (PD&E) Study to evaluate alternative designs for a new direct connection interchange between Florida's Turnpike and I-95 near the existing I-95 / SE Bridge Road interchange in Martin County as shown in the project location map on the next page. The goals are to enhance safety, travel time reliability and improve traffic operations for north-south through trips along Florida's Turnpike and I-95. The goals of the improvements are to also alleviate traffic pressures on the local roadway network that provides indirect connections between I-95 and Florida's Turnpike, such as West Indiantown Road and SW Martin Highway. For more information on this project, please visit the project website at www.TPK-I-95-Interchange-Study.com.

What is a PD&E Study?

A PD&E Study is an environmental and engineering process conducted to determine social/economic, cultural, physical, and environmental impacts associated with a proposed transportation improvement project. An important component of the process is public and agency involvement. The process follows federal and state laws and regulations. It requires the combined efforts of professional engineers, planners and scientists who collect and analyze project-related information to develop the optimal solution for a community's transportation needs while minimizing impacts. The key components of the PD&E process are existing conditions, future traffic needs, alternatives development, environmental and engineering evaluations, public and agency input, documentation, and study recommendations.

The project development process begins with planning studies and ends with a constructed project. The FDOT project development process is a comprehensive process involving Planning, Project Development and Environment (PD&E), Design, Right of Way (ROW), and Construction phases. It is important to understand the sequence and interrelation between these phases to successfully deliver a project.

Purpose and Need

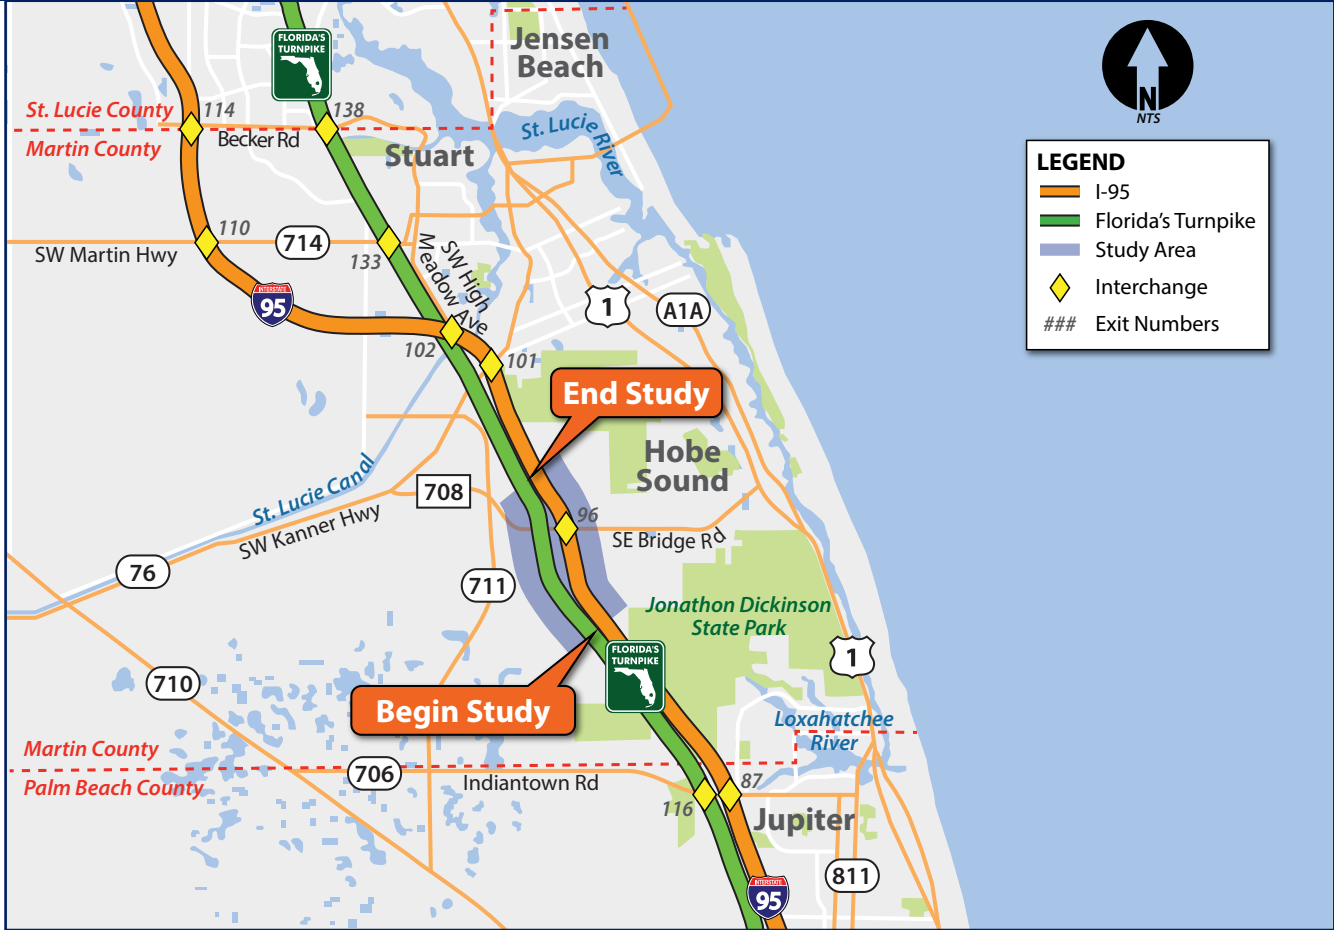

The project will evaluate the addition of new northbound and southbound ramps between Florida's Turnpike and I-95 to create a new direct connection interchange near I-95 and SE Bridge Road (County Road 708). Currently, motorists and emergency responders are required to utilize local roadways (West Indiantown Road or SW Martin Highway) when traveling between Florida's Turnpike and I-95. At the interchange of Florida's Turnpike and West Indiantown Road, motorists must exit Florida's Turnpike and travel 0.6 miles along West Indiantown Road to reach I-95. At the interchange of Florida's Turnpike and SW Martin Highway, motorists must exit Florida's Turnpike and either travel approximately five miles on SW Martin Highway or approximately three miles on SW High Meadow Avenue, both local roadways to reach I-95. By the project's design year 2050, these traffic movements are anticipated to add a substantial number of trips on the local roadways if no improvements are made, thereby adding congestion, and increasing travel times.

Public Participation

Florida's Turnpike Enterprise encourages the public to get involved by providing comments, questions, and suggestions to the study team. Project information will be available through newsletters, the project website, public inquiries, public meetings, and a public hearing. Please contact the Project Manager, Nicholas Danu, P.E., using the contact information provided on the next page or to be added to the mailing list.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried-out by the Florida Department of Transportation (FDOT) pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated May 26, 2022, and executed by the Federal Highway Administration (FHWA).

**FREIGHT TRANSPORTATION ADVISORY COMMITTEE (FTAC) MEETING
AGENDA ITEM SUMMARY**

MEETING DATE: December 1, 2023	DUE DATE: November 24, 2023	UPWP#: 5
WORDING: FDOT FREIGHT SYSTEM PLANNING – NEW DISTRICT FOUR FREIGHT COORDINATOR		
REQUESTED BY: MPO	PREPARED BY: Ricardo Vazquez / Beth Beltran	DOCUMENT(S) REQUIRING ACTION: N/A

BACKGROUND

The Florida Department of Transportation (FDOT) continues to plan for an improved freight transportation system. Projects such as the Freight Mobility and Trade Plan 2024 Update, the FDOT Freight Improvement Assessment, and FDOT’s Freight Activity Areas Identification and Freight Network Segments Analysis, are all projects that are underway. Leading these efforts is Justin Stroh, the new Freight Coordinator for FDOT District Four.

ISSUES

At the December 1, 2023, FTAC meeting, Justin Stroh, FDOT’s New District-Four Freight Coordinator, will update committee members on FDOT’s freight-related planning activities.

Notes

- **Transit Development Plan (TDP) Survey**

MARTY Transit Development Plan

WHAT IS MARTIN COUNTY TRANSIT?

Martin County Public Transit, MARTY, provides fixed route and commuter bus services Monday through Friday from 6 a.m. to 8 p.m. The service operates across the county; with connections to St. Lucie County's ART and Palm Tran. The full fare is \$1.50 for fixed routes and \$2.00 for the 20x commuter route. Half fare is offered to seniors, passengers with disabilities and those with Medicare. Free fare is offered to Veterans that provide the proper identification. To purchase tickets MARTY offers a mobile ticketing app. MARTY has real-time route planning on myride.martin.fl.us.

WHAT IS A COUNTY TRANSIT DEVELOPMENT PLAN?

A Transit Development Plan is being developed by the Martin Metropolitan Planning Organization (MPO) in collaboration with Martin County Public Transit, MARTY, to help serve as a guide for the future of public transportation in Martin County from 2024 to 2033. The goal of this plan is to help represent the County's vision to continue to promote transit ridership growth and improvement over the next decade.

For more information visit www.martinmpo.com or contact Lucine Martens at lmartens@martin.fl.us or (772) 288-5412.

MARTY Transit Development Plan

¿QUÉ ES EL TRÁNSITO DEL CONDADO DE MARTIN?

Martin County Public Transit, MARTY, ofrece servicios de autobús de ruta fija y de cercanías de lunes a viernes de 6 a.m. a 8 p.m. El servicio opera en todo el condado; con conexiones a ART y Palm Tran. La tarifa completa es de \$1.50 para autobuses de ruta fija y de \$2.00 para autobuses de cercanías. A las personas mayores, pasajeros con discapacidades y aquellos con Medicare se les ofrece mitad de tarifa. A los veteranos se les ofrece una tarifa gratuita. MARTY ofrece a los usuarios una aplicación móvil de emisión de billetes y planificación de rutas en tiempo real.

¿QUÉ ES UN PLAN DE DESARROLLO DE TRÁNSITO DEL CONDADO?

La Organización de Planificación Metropolitana (MPO) de Martin está desarrollando un Plan de Desarrollo de Transporte en colaboración con Transporte Público del Condado de Martin, MARTY, para que sirva como guía para el futuro del transporte público en el Condado de Martin 2024 a 2033. Representará la visión del condado de promover el crecimiento y la mejora del número de usuarios de transporte público durante la próxima década.

Para más información visite www.martinmpo.com o contacte a Lucine Martens en lmartens@martin.fl.us o (772) 288-5412.
