US 1 at SW Palm City Road Feasibility Study Public Workshop

The Martin MPO will be hosting a public workshop for the US 1 at Palm City Road Feasibility Study in the **Stuart City Hall** on **March 8, 2023** from **4:30 PM to 6:30 PM**.

The feasibility study will identify and evaluate alternatives and gather input from the public and stakeholders to select a recommended alternative to eliminate the free flow right and deter traffic from using SW Palm City Road as a cut-through to Monterey Road. For more information regarding this project, please contact Joy Puerta at jpuerta@martin.fl.us or at (772) 320-3015.

Transit Efficiency Study Open House

The Martin MPO will be hosting an open house for the Transit Efficiency Study on **March 29, 2023** at the **Morgade Library Anderson Community Room** from **4:30 PM and 6:30 PM**.

The purpose of this study is to identify strategies that will most effectively improve passenger experience, efficiently expand services through community transit to areas not currently served, optimize existing operating and capital funding, and pursue supplemental funding opportunities to grow the transit system. The public's input on the study will be important in determining the recommendations made for

the future of Martin County's Transit system. For more information regarding the study or the open house, please contact Lucine Martens at lmartens@martin.fl.us or at (772) 288-5412.

2045 Regional Long Range Transportation Plan

The Martin MPO, Indian River County MPO, and the St. Lucie Transportation Planning Organization (TPO) are currently underway with the development of the 2045 Treasure Coast Regional Long Range Transportation Plan (RLRTP). The RLRTP creates a regional overlay and gathers the transportation-related projects identified in the individual 2045 LRTP's from Martin, St. Lucie, and Indian River counties to create one long-term transportation plan for the future. The 2045 RLRTP will ensure connectivity and continuity between facilities throughout the counties, well integrated with land use, to meet community/county level and regional level transportation needs. For more info regarding the RLRTP, please contact Ricardo Vazquez at rvazquez@martin.fl.us.

Draft 2045 Regional Transportation Network Map

Regional Transportation Network

Network based on capacity and connectivity

Hobe Sound North Corridor SUN Trail Feasibility Study Open House

On January 11, 2023, the Martin MPO held an open house for the Hobe Sound Shared-Use Nonmotorized (SUN) Trail Feasibility Study. The purpose of the open house was to gain input from the public about which US 1 alternative for the East Coast Greenway connection they prefer. If you would like more information regarding this study, please contact Joy Puerta at (772) 320-3015, or at jpuerta@martin.fl.us.

Stuart Adopts MPO Vision Zero Plan

On November 14, 2022, the City of Stuart adopted the Martin MPO Vision Zero Plan, which aims to eliminate all traffic related fatalities and serious injuries. This is a big step forward in realizing the goal of Vision Zero in Martin County! To view the Martin MPO Vision Zero Plan, please visit the MPO website at martinmpo.com.

Transportation Network Resiliency Study

On December 12, 2022, the Martin MPO approved the Transportation Network Resiliency Study. The Study identified critical assets of the MPO's transportation network, developed a methodology to measure asset vulnerability to existing and future flooding and excessive heat, and created a project prioritization process to rank projects that address vulnerable transportation infrastructure.
